## Auditor's Report

To the Members of  
Home Suite Hope Shared Living Corp.

I have audited the statement of financial position of Home Suite Hope Shared Living Corp. as at December 31, 2006 and the statement of operations and net assets and statement of cash flows for the year then ended. These financial statements are the responsibility of the organization's management. My responsibility is to express an opinion on these financial statements based on my audit.

I conducted my audit in accordance with Canadian generally accepted auditing standards. Those standards require that I plan and perform an audit to obtain reasonable assurance whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation.

In common with many not for profit organizations, the organization derives donation revenues the completeness of which is not susceptible to satisfactory audit verification. Accordingly, my verification of these revenues was limited to the amounts recorded in the records of the organization and I was not able to determine whether any adjustments might be necessary to revenues, excess of expenditures over revenues, assets and net assets.

In my opinion, these financial statements present fairly, in all material respects, the financial position of the organization as at December 31, 2006 and the results of its operations and cash flows for the year then ended in accordance with Canadian generally accepted accounting principles.
